Assembly Constitutional Amendment

No. 2

Introduced by Assembly Member Nazarian

December 3, 2018

Assembly Constitutional Amendment No. 2—A resolution to propose to the people of the State of California an amendment to the Constitution of the State, by amending Section 14 of Article II thereof, by amending Section 8 of Article III thereof, by amending Section 18 of Article IV thereof, by amending Sections 5 and 14 of Article V thereof, by amending Section 10 of Article VII thereof, by amending Sections 3, 11, 18, 19, and 28 of, and repealing and adding Section 17 of, Article XIII thereof, by amending Section 10 of Article XVI thereof, by amending Section 22 of Article XX thereof, and by amending Sections 1 and 2 of, and by amending the heading of, Article XXI thereof, relating to taxation.

LEGISLATIVE COUNSEL’S DIGEST

ACA 2, as introduced, Nazarian. State tax agency.

The California Constitution establishes the State Board of Equalization, consisting of the Controller and 4 other members elected from districts, and provides for the election, recall, impeachment, filling of vacancies, and salaries and benefits of those board members elected from districts. The California Constitution vests the board with various powers, duties, and responsibilities related to the administration of taxes imposed on property, insurance, and alcoholic beverages.

This measure would abolish the State Board of Equalization and instead require the Legislature to create a state tax agency by statute for purposes of carrying out those powers, duties, and responsibilities previously vested in the State Board of Equalization by the California
Constitution and by statute. The bill would authorize the Legislature to vest all powers, duties, and responsibilities in a single state tax agency or separately in multiple state tax agencies. The measure would deem the California Department of Tax and Fee Administration and the office of Tax Appeals to be state tax agencies for purposes of these provisions and vest in those entities specified powers, duties and responsibilities currently vested in the State Board of Equalization. The measure would make conforming changes by deleting various references to the State Board of Equalization throughout the California Constitution, including in those provisions regarding the election, recall, impeachment, filling of vacancies, and salaries and benefits of members of the board, and make other nonsubstantive changes.

Resolved by the Assembly, the Senate concurring, That the Legislature of the State of California at its 2019–20 Regular Session commencing on the third day of December 2018, two-thirds of the membership of each house concurring, hereby proposes to the people of the State of California, that the Constitution of the State be amended as follows:

First—That Section 14 of Article II thereof is amended to read:

SEC. 14. (a) Recall of a state officer is initiated by delivering to the Secretary of State a petition alleging reason for recall. Sufficiency of reason is not reviewable. Proponents have 160 days to file signed petitions.

(b) A petition to recall a statewide officer must be signed by electors equal in number to 12 percent of the last vote for the office, with signatures from each of 5 counties equal in number to 1 percent of the last vote for the office in the county. Signatures to recall Senators, members of the Assembly, members of the Board of Equalization, and judges of courts of appeal and trial courts must equal in number 20 percent of the last vote for the office.

(c) The Secretary of State shall maintain a continuous count of the signatures certified to that office.

Second—That Section 8 of Article III thereof is amended to read:

SEC. 8. (a) The California Citizens Compensation Commission is hereby created and shall consist of seven members appointed
by the Governor. The commission shall establish the annual salary
and the medical, dental, insurance, and other similar benefits of
state officers.

(b) The commission shall consist of the following persons:

(1) Three public members, one of whom has expertise in the
area of compensation, such as an economist, market researcher,
or personnel manager; one of whom is a member of a nonprofit
public interest organization; and one of whom is representative of
the general population and may include, among others, a retiree,
homemaker, or person of median income. No person appointed
pursuant to this paragraph may, may not, during the 12 months
prior to his or her appointment, have held public office, either
elective or appointive, have been a candidate for elective public
office, or have been a lobbyist, as defined by the Political Reform

(2) Two members who have experience in the business
community, one of whom is an executive of a corporation
incorporated in this State which ranks among the largest private
sector employers in the State based on the number of employees
employed by the corporation in this State and one of whom is an
owner of a small business in this State.

(3) Two members, each of whom is an officer or member of a
labor organization.

(c) The Governor shall strive insofar as practicable to provide
a balanced representation of the geographic, gender, racial, and
ethnic diversity of the State in appointing commission members.

(d) The Governor shall appoint commission members and
designate a chairperson for the commission not later than 30 days
after the effective date of this section. The terms of two of the
initial appointees shall expire on December 31, 1992, two on
December 31, 1994, and three on December 31, 1996, as
determined by the Governor. Thereafter, the term of each member
shall be six years. Within 15 days of any vacancy, the Governor
shall appoint a person to serve the unexpired portion of the term.

(e) No current or former officer or employee of this State is
eligible for appointment to the commission.

(f) Public notice shall be given of all meetings of the
commission, and the meetings shall be open to the public.

(g) On or before December 3, 1990, the commission shall, by
a single resolution adopted by a majority of the membership of
the commission, establish the annual salary and the medical, dental, 
insurance, and other similar benefits of state officers. The annual 
salary and benefits specified in that resolution shall be effective 
on and after December 3, 1990.

Thereafter, at or before the end of each fiscal year, the 
commission shall, by a resolution adopted by a majority of the 
membership of the commission, adjust the medical, dental, 
insurance, and other similar benefits of state officers. The benefits 
specified in the resolution shall be effective on and after the first 
Monday of the next December.

Thereafter, at or before the end of each fiscal year, the 
commission shall adjust the annual salary of state officers by a 
resolution adopted by a majority of the membership of the 
commission. The annual salary specified in the resolution shall be 
effective on and after the first Monday of the next December, 
except that a resolution shall not be adopted or take effect in any 
year that increases the annual salary of any state officer if, on or 
before the immediately preceding June 1, the Director of Finance 
certifies to the commission, based on estimates for the current 
fiscal year, that there will be a negative balance on June 30 of the 
current fiscal year in the Special Fund for Economic Uncertainties 
in an amount equal to, or greater than, 1 percent of estimated 
General Fund revenues.

(h) In establishing or adjusting the annual salary and the medical, 
dental, insurance, and other similar benefits, the commission shall 
consider all of the following:

(1) The amount of time directly or indirectly related to the 
performance of the duties, functions, and services of a state officer.

(2) The amount of the annual salary and the medical, dental, 
insurance, and other similar benefits for other elected and appointed 
officials in this State with comparable responsibilities, 
the judiciary, and, to the extent practicable, the private sector, 
recognizing, however, that state officers do not receive, and do 
not expect to receive, compensation at the same levels as 
individuals in the private sector with comparable experience and 
responsible.

(3) The responsibility and scope of authority of the entity in 
which the state officer serves.

(4) Whether the Director of Finance estimates that there will be 
a negative balance in the Special Fund for Economic Uncertainties
in an amount equal to or greater than 1 percent of estimated General
Fund revenues in the current fiscal year.

   (i) Until a resolution establishing or adjusting the annual salary
and the medical, dental, insurance, and other similar benefits for
state officers takes effect, each state officer shall continue to receive
the same annual salary and the medical, dental, insurance, and
other similar benefits received previously.

  (j) All commission members shall receive their actual and
necessary expenses, including travel expenses, incurred in the
performance of their duties. Each member shall be compensated
at the same rate as members, other than the chairperson, of the
Fair Political Practices Commission, or its successor, for each day
engaged in official duties, not to exceed 45 days per year.

  (k) It is the intent of the Legislature that the creation of the
commission should not generate new state costs for staff and
services. The Department of Personnel Administration, the Board
of Administration of the Public Employees’ Retirement System,
or other appropriate agencies, or their successors, shall furnish,
from existing resources, staff and services to the commission as
needed for the performance of its duties.

  (l) “State officer,” as used in this section, means the Governor,
Lieutenant Governor, Attorney General, Controller, Insurance
Commissioner, Secretary of State, Superintendent of Public
Instruction, Treasurer, member of the State Board of Equalization,
and Member of the Legislature.

Third—That Section 18 of Article IV thereof is amended to
read:

SEC. 18. (a) The Assembly has the sole power of
impeachment. Impeachments shall be tried by the Senate. A person
may not be convicted unless, by rolcall vote entered in the journal,
two thirds of the membership of the Senate concurs.

(b) State officers elected on a statewide basis, members of the
State Board of Equalization, basis and judges of state courts are
subject to impeachment for misconduct in office. Judgment may
extend only to removal from office and disqualification to hold
any office under the State, but the person convicted or acquitted
remains subject to criminal punishment according to law.

Fourth—That Section 5 of Article V thereof is amended to read:
SEC. 5. (a) Unless the law otherwise provides, the Governor may fill a vacancy in office by appointment until a successor qualifies.

(b) Whenever there is a vacancy in the office of the Superintendent of Public Instruction, the Lieutenant Governor, Secretary of State, Controller, Treasurer, or Attorney General, or on the State Board of Equalization, the Governor shall nominate a person to fill the vacancy who shall take office upon confirmation by a majority of the membership of the Senate and a majority of the membership of the Assembly and who shall hold office for the balance of the unexpired term. In the event the nominee is neither confirmed nor refused confirmation by both the Senate and the Assembly within 90 days of the submission of the nomination, the nominee shall take office as if he or she had been confirmed by a majority of the Senate and Assembly; provided, that if such 90-day period ends during a recess of the Legislature, the period shall be extended until the sixth day following the day on which the Legislature reconvenes.

Fifth—That Section 14 of Article V thereof is amended to read:

SEC. 14. (a) To eliminate any appearance of a conflict with the proper discharge of his or her duties and responsibilities, no state officer may knowingly receive any salary, wages, commissions, or other similar earned income from a lobbyist or lobbying firm, as defined by the Political Reform Act of 1974, or from a person who, during the previous 12 months, has been under a contract with the state agency under the jurisdiction of the state officer. The Legislature shall enact laws that define earned income. However, earned income does not include any community property interest in the income of a spouse. Any state officer who knowingly receives any salary, wages, commissions, or other similar earned income from a lobbyist employer, as defined by the Political Reform Act of 1974, may not, for a period of one year following its receipt, vote upon or make, participate in making, or in any way attempt to use his or her official position to influence an action or decision before the agency for which the state officer serves, other than an action or decision involving a bill described in subdivision (c) of Section 12 of Article IV, which he or she knows, or has reason to know, would have a direct and significant financial impact on the lobbyist employer and would not impact the public generally or a significant segment of the public in a similar manner.
As used in this subdivision, “public generally” includes an industry, trade, or profession.

(b) No state officer may accept any honorarium. The Legislature shall enact laws that implement this subdivision.

(c) The Legislature shall enact laws that ban or strictly limit the acceptance of a gift by a state officer from any source if the acceptance of the gift might create a conflict of interest.

(d) No state officer may knowingly accept any compensation for appearing, agreeing to appear, or taking any other action on behalf of another person before any state government board or agency. If a state officer knowingly accepts any compensation for appearing, agreeing to appear, or taking any other action on behalf of another person before any local government board or agency, the state officer may not, for a period of one year following the acceptance of the compensation, make, participate in making, or in any way attempt to use his or her official position to influence an action or decision before the state agency for which the state officer serves, other than an action or decision involving a bill described in subdivision (c) of Section 12 of Article IV, which he or she knows, or has reason to know, would have a direct and significant financial impact on that person and would not impact the public generally or a significant segment of the public in a similar manner. As used in this subdivision, “public generally” includes an industry, trade, or profession. However, a state officer may engage in activities involving a board or agency which are strictly on his or her own behalf, appear in the capacity of an attorney before any court or the Workers’ Compensation Appeals Board, or act as an advocate without compensation or make an inquiry for information on behalf of a person before a board or agency. This subdivision does not prohibit any action of a partnership or firm of which the state officer is a member if the state officer does not share directly or indirectly in the fee, less any expenses attributable to that fee, resulting from that action.

(e) The Legislature shall enact laws that prohibit a state officer, or a secretary of an agency or director of a department appointed by the Governor, who has not resigned or retired from state service prior to January 7, 1991, from lobbying, for compensation, as governed by the Political Reform Act of 1974, before the executive branch of state government for 12 months after leaving office.
(f) “State officer,” as used in this section, means the Governor, Lieutenant Governor, Attorney General, Controller, Insurance Commissioner, Secretary of State, Superintendent of Public Instruction, Treasurer, and member of the State Board of Equalization and Treasurer.

Sixth—That Section 10 of Article VII thereof is amended to read:

SEC. 10. (a) (1) No person who is found liable in a civil action for making libelous or slanderous statements against an opposing candidate during the course of an election campaign for any federal, statewide, Board of Equalization, or legislative office or for any county, city and county, city, district, or any other local elective office shall retain the seat to which he or she is elected, where it is established that the libel or slander was a major contributing cause in the defeat of an opposing candidate.

(2) A libelous or slanderous statement shall be deemed to have been made by a person within the meaning of this section if that person actually made the statement or if the person actually or constructively assented to, authorized, or ratified the statement.

(3) “Federal office,” as used in this section means the office of United States Senator and Member of the House of Representatives and to Representatives. To the extent that the provisions of this section do not conflict with any provision of federal law, it is intended that candidates seeking the office of United States Senator or Member of the House of Representatives comply with this section.

(b) In order to determine whether libelous or slanderous statements were a major contributing cause in the defeat of an opposing candidate, the trier of fact shall make a separate, distinct finding on that issue. If the trier of fact finds that libel or slander was a major contributing cause in the defeat of an opposing candidate and that the libelous or slanderous statement was made with knowledge that it was false or with reckless disregard of whether it was false or true, the person holding office shall be disqualified from or shall forfeit that office as provided in subdivision (d). The findings required by this section shall be in writing and shall be incorporated as part of the judgment.
(c) In a case where a person is disqualified from holding office or is required to forfeit an office under subdivisions (a) and (b), that disqualification or forfeiture shall create a vacancy in office, which vacancy shall be filled in the manner provided by law for the filling of a vacancy in that particular office.

(d) Once the judgment of liability is entered by the trial court and the time for filing a notice of appeal has expired, or all possibility of direct attack in the courts of this State has been finally exhausted, the person shall be disqualified from or shall forfeit the office involved in that election and shall have no authority to exercise the powers or perform the duties of the office.

(e) This section shall apply to libelous or slanderous statements made on or after the effective date of this section.

Seventh—That Section 3 of Article XIII thereof is amended to read:

SEC. 3. The following are exempt from property taxation:

(a) Property owned by the State.

(b) Property owned by a local government, except as otherwise provided in subdivision (a) of Section 11.

(c) Bonds issued by the State or a local government in the State.

(d) Property used for libraries and museums that are free and open to the public and property used exclusively for public schools, community colleges, state colleges, and state universities.

of the original timber when so declared by a majority vote of a
board consisting of a representative from the State Board of
Forestry, a representative from the State Board of Equalization,
state tax agency, and the assessor of the county in which the trees
are located.

(2) The Legislature may supersede the foregoing provisions
with an alternative system or systems of taxing or exempting forest
trees or timber, including a taxation system not based on property
valuation. Any alternative system or systems shall provide for
exemption of unharvested immature trees, shall encourage the
continued use of timberlands for the production of trees for timber
products, and shall provide for restricting the use of timberland to
the production of timber products and compatible uses with
provisions for taxation of timberland based on the restrictions.
Nothing in this paragraph shall be construed to exclude timberland
from the provisions of Section 8 of this article.

(k) (1) $7,000 of the full value of a dwelling, as defined by the
Legislature, when occupied by an owner as his principal residence,
unless the dwelling is receiving another real property exemption.
The Legislature may increase this exemption and may deny it if
the owner received state or local aid to pay taxes either in whole
or in part, and either directly or indirectly, on the dwelling.

(2) An increase in this exemption above the amount of $7,000
shall not be effective for any fiscal year unless the Legislature
increases the rate of state taxes in an amount sufficient to provide
the subventions required by Section 25.

(3) If the Legislature increases the homeowners’ property tax
exemption, it shall provide increases in benefits to qualified renters,
as defined by law, comparable to the average increase in benefits
to homeowners, as calculated by the Legislature.

(p) Property in the amount of $1,000 of a claimant who satisfies all of the following criteria:

Eighth—That Section 11 of Article XIII thereof is amended to read:

SEC. 11. (a) Lands owned by a local government that are outside its boundaries, including rights to use or divert water from surface or underground sources and any other interests in lands, are taxable if (1) they are located in Inyo or Mono County and (a) they were assessed for taxation to the local government in Inyo County as of the 1966 lien date, or in Mono County as of the 1967 lien date, whether or not the assessment was valid when made, or (b) they were acquired by the local government subsequent to that lien date and were assessed to a prior owner as of that lien date and each lien date thereafter, or (2) they are located outside Inyo or Mono County and were taxable when acquired by the local government. Improvements owned by a local government that are outside its boundaries are taxable if they were taxable when acquired or were constructed by the local government to replace improvements which were taxable when acquired.

(b) (1) Taxable land belonging to a local government and located in Inyo County shall be assessed in any year subsequent to 1968 at the place where it was assessed as of the 1966 lien date
and in an amount derived by multiplying its 1966 assessed value by the ratio of the statewide per capita assessed value of land as of the last lien date prior to the current lien date to $766, using civilian population only. Taxable land belonging to a local government and located in Mono County shall be assessed in any year subsequent to 1968 at the place where it was assessed as of the 1967 lien date and in an amount determined by the preceding formula except that the 1967 lien date, the 1967 assessed value, and the figure $856 shall be used in the formula. Taxable land belonging to a local government and located outside of Inyo and Mono counties shall be assessed at the place where located and in an amount that does not exceed the lower of (1) its fair market value times the prevailing percentage of fair market value at which other lands are assessed and (2) a figure derived in the manner specified in this Section for land located in Mono County.

(2) If land acquired by a local government after the lien date of the base year specified in this Section was assessed in the base year as part of a larger parcel, the assessed value of the part in the base year shall be that fraction of the assessed value of the larger parcel that the area of the part is of the area of the larger parcel.

(3) If a local government divests itself of ownership of land without water rights and this land was assessed in Inyo County as of the 1966 lien date or in Mono County as of the 1967 lien date, the divestment shall not diminish the quantity of water rights assessable and taxable at the place where assessed as of that lien date.

(c) In the event the Legislature changes the prevailing percentage of fair market value at which land is assessed for taxation, there shall be used in the computations required by Section 11(b) of this Article, subdivision (b) of this section, for the first year for which the new percentage is applicable, in lieu of the statewide per capita assessed value of land as of the last lien date prior to the current lien date, the statewide per capita assessed value of land on the prior lien date times the ratio of the new prevailing percentage of fair market value to the previous prevailing percentage.

(d) If, after March 1954, a taxable improvement is replaced while owned by and in possession of a local government, the replacement improvement shall be assessed, as long as it is owned
by a local government, as other improvements are except that the
assessed value shall not exceed the product of (1) the percentage
at which privately owned improvements are assessed times (2) the
highest full value ever used for taxation of the improvement that
has been replaced. For purposes of this calculation, the full value
for any year prior to 1967 shall be conclusively presumed to be 4
times the assessed value in that year.

(e) No tax, charge, assessment, or levy of any character, other
than those taxes authorized by Sections 11(a) to 11(d), subdivisions
(a) to (d), inclusive, of this Article, section, shall be imposed upon
one local government by another local government that is based
or calculated upon the consumption or use of water outside the
boundaries of the government imposing it.

(f) Any taxable interest of any character, other than a lease for
agricultural purposes and an interest of a local government, in any
land owned by a local government that is subject to taxation
pursuant to Section 11(a) subdivision (a) of this Article section
shall be taxed in the same manner as other taxable interests. The
aggregate value of all the interests subject to taxation pursuant to
Section 11(a), subdivision (a) of this section, however, shall not
exceed the value of all interests in the land less the taxable value
of the interest of any local government ascertained as provided in
Sections 11(a) to 11(e), subdivisions (a) to (e), inclusive, of this
Article, section.

(g) Any assessment made pursuant to Sections 11(a) to 11(d),
subdivisions (a) to (d), inclusive, of this Article section shall be
subject to review, equalization, and adjustment by the State Board
of Equalization, state tax agency, but an adjustment shall conform
to the provisions of these Sections: sections.

Ninth—That Section 17 of Article XIII thereof is repealed.

SEC. 17. The Board of Equalization consists of 5 voting
members: the Controller and 4 members elected for 4 year terms
at gubernatorial elections. The State shall be divided into four
Board of Equalization districts with the voters of each district
electing one member. No member may serve more than 2 terms.

Tenth—That Section 17 is added to Article XIII thereof, to read:

SEC. 17. (a) The Legislature shall establish a state tax agency
by statute for purposes of carrying out the following powers, duties,
and responsibilities:
(1) The following powers, duties, and responsibilities imposed under this Constitution:

(A) The review, equalization, or adjustment of a property tax assessment pursuant to Section 11.

(B) The measurement of county assessment levels and adjustment of secured local assessment rolls pursuant to Section 18.

(C) The assessment of those properties specified in Section 19.

(D) The assessment of taxes on insurers pursuant to Section 28.

(E) The assessment and collection of excise taxes on the manufacture, importation, and sale of alcoholic beverages in this state pursuant to Section 22 of Article XX.

(F) Any other power, duty, or responsibility imposed under this Constitution that was vested in the State Board of Equalization as of the date immediately preceding the effective date of this section.

(2) Any power, duty, or responsibility that the Legislature vested in the State Board of Equalization by statute as of the date immediately preceding the effective date of this section. This paragraph shall not be construed to limit the authority of the Legislature to amend or repeal any statute that previously vested a power, duty, or responsibility in the State Board of Equalization.

(3) Any additional power, duty, or responsibility that the Legislature vests in the state tax agency by statute.

(b) In implementing this section, the Legislature may vest all powers, duties, and responsibilities described in subdivision (a) in a single state tax agency or separately vest those powers, duties, and responsibilities in multiple state tax agencies. As used in this Constitution, “state tax agency” includes any entity established by the Legislature pursuant to this section and vested by statute with the power, duty, or responsibility described.

(c) The state taxing agency established pursuant to this section shall be the successor to, and is vested with all of the described duties, powers, and responsibilities of, the State Board of Equalization previously established pursuant to this article. Any reference to the State Board of Equalization in this Constitution shall be deemed to instead refer to the state tax agency established pursuant to this section. The Legislature shall provide by statute for the transfer of all employees serving in state civil service and all rights and property from the State Board of Equalization to the state tax agency.
The California Department of Tax and Fee Administration established pursuant to Part 8.7 (commencing with Section 15570) of Division 3 of Title 2 of the Government Code, and the Office of Tax Appeals established pursuant to Part 9.5 (commencing with Section 15670) of Division 3 of Title 2 of the Government Code, shall each be deemed to be a “state tax agency” as described in subdivision (b).

(A) The California Department of Tax and Fee Administration shall be successor to and is vested with any duty, power, or responsibility, with respect to the assessment and collection of taxes, that was vested in the former State Board of Equalization pursuant to this article as of the date immediately preceding the effective date of this section.

(B) The Office of Tax Appeals shall be successor to and is vested with any duty, power, or responsibility, with respect to the review, equalization, or adjustment of taxes, that was vested in the former State Board of Equalization pursuant to this article as of the date immediately preceding the effective date of this section.

This subdivision shall not be construed as limiting the authority of the Legislature to amend or repeal any statute referenced in paragraph (1) or to abolish the California Department of Tax and Fee Administration or the Office of Tax Appeals.

Eleventh—That Section 18 of Article XIII thereof is amended to read:

SEC. 18. The state tax agency shall measure county assessment levels annually and shall bring those levels into conformity by adjusting entire secured local assessment rolls. In the event a property tax is levied by the State, however, the effects of unequalized local assessment levels, to the extent any remain after such adjustments, shall be corrected for purposes of distributing this tax by equalizing the assessment levels of locally and state-assessed properties and varying the rate of the state tax inversely with the counties’ respective assessment levels.

Twelfth—That Section 19 of Article XIII thereof is amended to read:

SEC. 19. (a) (1) The state tax agency shall annually assess (A) pipelines, flumes, canals, ditches, and aqueducts lying within two or more counties and (2) property, except franchises, owned or used by regulated railway, telegraph, or telephone companies, car companies operating on railways in the
State, and companies transmitting or selling gas or electricity. This property shall be subject to taxation to the same extent and in the same manner as other property.

No other tax or license charge may be imposed on these companies which differs from that imposed on mercantile, manufacturing, and other business corporations. This restriction does not release a utility company from payments agreed on or required by law for a special privilege or franchise granted by a government body.

(b) The Legislature may authorize the Board assessment by the state tax agency of property owned or used by other public utilities.

(c) The state tax agency may delegate to a local assessor the duty to assess a property used but not owned by a state assesse on which the taxes are to be paid by a local assesse.

Eighteenth—That Section 2 of Article XXI thereof is amended to read:

SEC. 2. (a) The Citizens Redistricting Commission shall be created no later than December 31 in 2010, and in each year ending in the number zero thereafter.

(b) The commission shall: (1) conduct an open and transparent process enabling full public consideration of and comment on the drawing of district lines; (2) draw district lines according to the redistricting criteria specified in this article; and (3) conduct themselves with integrity and fairness.

(c) (1) The selection process is designed to produce a commission that is independent from legislative influence and reasonably representative of this State’s diversity.

(2) The commission shall consist of 14 members, as follows: five who are registered with the largest political party in California based on registration, five who are registered with the second
largest political party in California based on registration, and four
who are not registered with either of the two largest political parties
in California based on registration.

(3) Each commission member shall be a voter who has been
continuously registered in California with the same political party
or unaffiliated with a political party and who has not changed
political party affiliation for five or more years immediately
preceding the date of his or her appointment. Each commission
member shall have voted in two of the last three statewide general
elections immediately preceding his or her application.

(4) The term of office of each member of the commission
expires upon the appointment of the first member of the succeeding
commission.

(5) Nine members of the commission shall constitute a quorum.
Nine or more affirmative votes shall be required for any official
action. The four final redistricting maps must be approved by at
least nine affirmative votes which must include at least three votes
of members registered from each of the two largest political parties
in California based on registration and three votes from members
who are not registered with either of these two political parties.

(6) Each commission member shall apply this article in a manner
that is impartial and that reinforces public confidence in the
integrity of the redistricting process. A commission member shall
be ineligible for a period of 10 years beginning from the date of
appointment to hold elective public office at the federal, state,
county, or city level in this State. A member of the commission
shall be ineligible for a period of five years beginning from the

lobbyist in this State.

(d) The commission shall establish single-member districts for
the Senate, Assembly, Congress, and State Board of Equalization
and Congress pursuant to a mapping process using the following
criteria as set forth in the following order of priority:

(1) Districts shall comply with the United States Constitution.
Congressional districts shall achieve population equality as nearly
as is practicable, and Senatorial, Assembly, and State Board of
Equalization Senatorial and Assembly districts shall have
reasonably equal population with other districts for the same office,
extcept where deviation is required to comply with the federal
Voting Rights Act or allowable by law.

(2) Districts shall comply with the federal Voting Rights Act
(42 U.S.C. Sec. 1971 and following).

(3) Districts shall be geographically contiguous.

(4) The geographic integrity of any city, county, city and county,
local neighborhood, or local community of interest shall be
respected in a manner that minimizes their division to the extent
possible without violating the requirements of any of the preceding
subdivisions. A community of interest is a contiguous population
which shares common social and economic interests that should
be included within a single district for purposes of its effective
and fair representation. Examples of such shared interests are those
common to an urban area, a rural area, an industrial area, or an
agricultural area, and those common to areas in which the people
share similar living standards, use the same transportation facilities,
have similar work opportunities, or have access to the same media
of communication relevant to the election process. Communities
of interest shall not include relationships with political parties,
incumbents, or political candidates.

(5) To the extent practicable, and where this does not conflict
with the criteria above, districts shall be drawn to encourage
geographical compactness such that nearby areas of population
are not bypassed for more distant population.

(6) To the extent practicable, and where this does not conflict
with the criteria above, each Senate district shall be comprised of
two whole, complete, and adjacent Assembly-districts, and each
Board of Equalization district shall be comprised of 10 whole,
complete, and adjacent Senate districts.

(e) The place of residence of any incumbent or political
candidate shall not be considered in the creation of a map. Districts
shall not be drawn for the purpose of favoring or discriminating
against an incumbent, political candidate, or political party.

(f) Districts for the Congress, Senate, Assembly, and State Board
of Equalization and Assembly shall be numbered consecutively
commencing at the northern boundary of the State and ending at
the southern boundary.

(g) By August 15, 2011, and in each year ending in the
number one thereafter, the commission shall approve four final
maps that separately set forth the district boundary lines for the congressional, Senatorial, Assembly, and State Board of Equalization and Assembly districts. Upon approval, the commission shall certify the four final maps to the Secretary of State.

(h) The commission shall issue, with each of the four final maps, a report that explains the basis on which the commission made its decisions in achieving compliance with the criteria listed in subdivision (d) and shall include definitions of the terms and standards used in drawing each final map.

(i) Each certified final map shall be subject to referendum in the same manner that a statute is subject to referendum pursuant to Section 9 of Article II. The date of certification of a final map to the Secretary of State shall be deemed the enactment date for purposes of Section 9 of Article II.

(j) If the commission does not approve a final map by at least the requisite votes or if voters disapprove a certified final map in a referendum, the Secretary of State shall immediately petition the California Supreme Court for an order directing the appointment of special masters to adjust the boundary lines of that map in accordance with the redistricting criteria and requirements set forth in subdivisions (d), (e), and (f). Upon its approval of the masters’ map, the court shall certify the resulting map to the Secretary of State, which map shall constitute the certified final map for the subject type of district.
